

Premium Sepiolite Based Industrial Absorbent

A natural mineral solution for spill response, workplace safety and industrial maintenance.

100% NATURAL & MINERAL-BASED

RAPID ABSORPTION

FLAME RETARDANT & NON-TOXIC

FUNCTIONAL PROPERTIES

- Superior Absorption Power**
Quickly soaks up oils, fuels, chemicals, and water.
- Ultra-Porous Structure**
Rapid absorption ensures efficiency in industrial settings.
- Flame Retardant & Non-Toxic**
Safe for people and the environment.
- Odor Neutralization**
Helps eliminate unpleasant smells from spills.
- Versatile Application**
Works on asphalt, concrete, metal, tiles, and soft surfaces like soil and sand.
- Anti-Slip Properties**
Improves safety in workplaces by reducing slip hazards.

AREAS OF USE

- Factories & Industrial Plants**
Absorbs oil, chemicals, and industrial spills efficiently.
- Road & Highway Maintenance**
Removes fuel, oil, and chemical spills from asphalt and concrete surfaces.
- Automotive & Mechanical Workshops**
Absorbs leaks from vehicles, machinery, and industrial equipment.
- Construction & Carpentry**
Used for dust suppression and spill absorption in construction sites.
- Food Processing & Hospitality**
Absorbs liquid spills in kitchens, food plants, and restaurants.
- Public & Security Areas**
Used in airports, gas stations, and warehouses to control spills.

SUPPLY OPTIONS

- Available formats**
20 kg bags or 1250 kg big bags
- Customisation**
Optional private labelling
- Mesh sizes**
Standard and custom mesh sizes available, including 15/30, 20/80 and 30/60.

Private label option shown

- Sourcing**
Sourced from one of the highest-quality reserves in the world.
